Let's Get Lost

A wrong number is supposed to be just that—a wrong number. Delete. Done. Do not continue to text. Do not flirt. A wrong number shouldn't be the first person on your mind in the morning, or the last at night and you're definitely not supposed to talk them into buying a baby goat. Because that would be weird. When Zach Hastings and I get into a wrong-number mix-up, we don't follow the rules. We keep texting and flirting, because he's wicked funny and perfectly nerdy and a wonderful distraction. I'm not looking for love, and Zach definitely had the wrong number. But maybe he's the right guy.

A Most-Anticipated Book of 2021: BuzzFeed * The Millions * Cosmopolitan * Electric Literature * LGBTQ Reads * Paperback Paris One of Advocate's “22 LGBTQ+ Books You Absolutely Need to Read This Year” “An intimate saga that brims with necessary conversations about cultural identity.” —O, The Oprah Magazine, “32 LGBTQ Books That Will Change the Literary Landscape in 2021” It is 2015, weeks after the Supreme Court marriage equality ruling, and all Sebastian Mote wants is to settle down. A high school art history teacher, newly single and desperately lonely, he envies his queer students their freedom to live openly the youth he lost to fear and shame. When he runs into his childhood friend Oscar Burnham at a wedding in Washington, D.C., he can't help but see it as a second chance. Now thirty-five, the men haven't seen each other in more than a decade. But Oscar has no interest in their shared history, nor in the sense of belonging Sebastian craves. Instead, he's
outraged by what he sees as the death of gay culture: bars overrun with bachelorette parties, friends coupling off and having babies. For Oscar, conformity isn't peace, it's surrender. While Oscar and Sebastian struggle to find their place in a rapidly changing world, each is drawn into a cross-generational friendship that treads the line between envy and obsession: Sebastian with one of his students, Oscar with an older icon of the AIDS era. And as they collide again and again, both men must reckon not just with one another but with themselves. Provocative, moving, and rich with sharply drawn characters, Let's Get Back to the Party introduces an exciting and contemporary new talent.

Let's Get Real

It's important to know what world we are living in today, and if you truly want to be successful, it's important to know the complexities or habits that are holding you back from living a more simple and fulfilling lifestyle. Find out what is holding you back from getting the results that you want. Sometimes you think you have it all under control, but there is much more to be aware of before you can master your own behavior and become free of all chains. Many people will hold on to a lifestyle that is not working for them just because they think that's just the way things are, yet they never seem to understand what exactly is holding them back from getting things done efficiently. For those people, now is the time to question yourself! Is the problem educational, spiritual, physical, or financial, or is it a lack of hope and faith? Are debts keeping you working, and not giving you time to think? What if debts were a way to keep you working, and never thinking?? Inside this book, you will learn how to overcome all of these obstacles in an easy-to-follow step-by-step format. In this book you will learn: * How to unleash your greatest ideas (start doing what you always wanted to do successfully, today. Live your dream lifestyle even when you face hard times.) * How to position yourself in life to win even if you thought you lost. * How hope, love, and faith can save your life, business, and relationship, and take you to a whole other level. * How to listen to the inner you * How to take action, even when scared to death, can set you free. In this book, you will also learn all that you need to know to be able to let go of who you were, embrace the person inside-who keeps talking to you-, and find your destiny. You will learn to listen to the inner you and plan your best moves. Most importantly, you will learn to let go and get ready to fly.

Let's Get This Party Started is a guide to more than 15 parties you can throw for your kids that are inexpensive, wildly inventive, and fun. Each party includes two crafts, one game, and one recipe—all of which you can put together with your child. Author Soleil Moon Frye also offers countless tips and ideas that will inspire you. Among the thematic parties featured in the book are the fairy party, the pirate party, the movie-on-the-lawn party, the camp party, the '80s party, the rainbow party, the Halloween party, the luau, and many more, captured in gorgeous and colorful images by Frye’s brother, photographer Meeno. Timely and fun, this book is a must-
have for parents who love entertaining with their kids. Praise for Let's Get This Party Started: “Quality children’s party books are high in demand, so this may be a welcome resource for families with young children . . . Recommended.”—Library Journal

Let's Get Well

Drawing on his personal fascinating story as a prosecutor, a defendant, and an observer of the legal process, Paul Butler offers a sharp and engaging critique of our criminal justice system. He argues against discriminatory drug laws and excessive police power and shows how our policy of mass incarceration erodes communities and perpetuates crime. Controversially, he supports jury nullification—or voting “not guilty” out of principle—as a way for everyday people to take a stand against unfair laws, and he joins with the “Stop Snitching” movement, arguing that the reliance on informants leads to shoddy police work and distrust within communities. Butler offers instead a “hip hop theory of justice,” parsing the messages about crime and punishment found in urban music and culture. Butler's argument is powerful, edgy, and incisive.

My First Numbers - Let's Get Counting

The new way to transform a sales culture with clarity, authenticity, and emotional intelligence. Too often, the sales process is all about fear. Customers are afraid that they will be talked into making a mistake; salespeople dread being unable to close the deal and make their quotas. No one is happy. Mahan Khalsa and Randy Illig offer a better way. Salespeople, they argue, do best when they focus 100 percent on helping clients succeed. When customers are successful, both buyer and seller win. When they aren't, both lose. It's no longer sufficient to get clients to buy; a salesperson must also help the client reduce costs, increase revenues, and improve productivity, quality, and customer satisfaction. This book shares the unique FranklinCovey Sales Performance Group methodology that will help readers: · Start new business from scratch in a way both salespeople and clients can feel good about · Ask hard questions in a soft way · Close the deal by opening minds

**Let's Get Real**
Life is not easy. Parenting is even more difficult. So what does getting 'real' mean? It's being honest about the guilt, inadequacy and judgment felt by parents all over. It's hard to get 'real' about how we feel, but when we do, it's easier to see that we are not alone in our struggles. It's okay to admit we are not perfect; that we are, in fact, full of error. By doing this, our guilt, inadequacy and judgment can be shed. It's Okay: Let's Get Real About This Thing We Call Parenting is a compilation of 100 stories shared by over 40 contributors. These stories are real. They are honest. And some of them are quite funny. This book is intended to make readers see that sometimes life is not all roses. We will at times mess-up. We will at times fail. In the end, though, most things turn out okay! Many brave souls contributed the stories shared throughout the book. These stories reveal our most human moments as parents; they range from vulnerable to joyful and everything in between. These are stories that often go untold and stories that took courage to share. In reading about these parenting moments you will be provided some reassurance that you are definitely NOT alone in your parenting journey. You will also be provided some peace over difficult times you've had in the past or struggles lurking in your future. Be prepared to laugh, cry, commiserate and empathize with your fellow parents! While this book is focused on the journey of parenting, the concepts within can be applied to the basic 'life' journey we all live as well. Before the stories begin, there is a 'Points to Ponder' section that addresses areas in life that can be most difficult: feeling judged, comparing yourself to others, living in regret, wishing for something better, understanding a life with balance, etc. It's Okay: Let's Get Real About This Thing We Call Parenting is not meant to be a 'how to' guide. It does not offer answers for how to fix the world's great challenge of parenting. Rather, it offers affirmation for the perplexing job parents do daily. It mocks the idea that there is a perfect way to live your life, raise your kids or fix every issue under the sun. We all have issues. We all struggle. It's more about the idea that people will take their issues and struggles and share them. Learn from them. Be better because of them. One of the editors of this book referred to the revealed content as, "boozing for the self-conscious." While it is not okay to abuse drugs or alcohol, neglect or physically abuse your children, or purposefully do harm to others—it is okay to have a bad day. It is okay to admit to failure and that you can do better. Those things are all okay! By reading this book, you will quit beating yourself up for the minor set-backs that challenge you daily. You will see that you are not alone in your struggles. You, too, will be convinced that 'It's Okay'. Plus, you will get a great chuckle along the way. It's Okay.

Let's Get This Straight reaches out to young people with one or more gay, lesbian, bi, or trans parents to provide them with the tools to combat homophobia, take pride in their alternative family structures, and speak out against injustice. This short but thorough book profiles forty-five diverse youth and young adults, all of whom voice their opinions and provide advice for other youth living in LGBTQ households. Let's Get This Straight also includes probing questions, fun activities, engaging quizzes, and reflective journal sections for youth to share their feelings and experiences about having a gay parent. By reading this book, readers will learn how to: identify and overcome barriers to having a gay parent; address discrimination and heterosexism; build a strong self-esteem and sense of belonging; communicate effectively with their parents and individuals outside of the LGBTQ community; access resources and support for their families; respond effectively when challenged about being in a sexual minority family; and reduce the isolation, fear, shame, and confusion that can be associated with having gay parents. As the media brings ever-increasing exposure to gay-headed households, this book is more important than ever. Let's Get This Straight is the perfect blend of wit, sharing of experiences, and "expert" advice that children with LGBTQ parents need to become more self-aware and affirming, and to maintain healthy relationships with their parents.

Let's Get Emotional

With things to count, words to read, and simple questions and activities, this first numbers book is perfect for preschool learning. Read it together and help your toddler develop their observational and maths skills as they learn to recognise quantities and numbers. Chunky tactile tabs invite little hands to turn straight to their favourite number, and there's more hands-on learning on each page, your child will love pointing to the colourful pictures of familiar objects - from 4 balloons and 5 rubber ducks, to 7 colours of the rainbow, 8 rabbits, and more. Then when they have counted up to 10, there are other activities to try, like comparing different quantities of objects to see which is less or more, counting backwards from 10, and discovering what groups of 20, 30, 40, 50, and 100 objects look like. My First Numbers: Let's get Counting makes teaching your toddler about numbers as easy as 1, 2, 3!

**LET'S PLAY DRESS UP NOW CHILDRE**

This book provides projects that are suitable for instructors and parents to get children coding in Snap, Scratch or Python. These are coding languages commonly used in schools across the world - the book will be a great resource for teachers, and a great way for children to explore. This book is an introduction to computer programming using the most useful (and free) programs available combined with the new inspiration and excitement of micro computing available right now! It is an introduction to more complex computing at grade 4 level upwards. At home the purchase of a raspberry pi will enable all of these programs to run without any installation as SCRATCH and PYTHON is available on all versions of the micro computer. SNAP! is best suited for larger laptops or desktop computers and is almost identical to SCRATCH but it has an advantage of being a very good alternative for Laptop or Desktops. It’s also entirely cloud based, so no installation required. PYTHON requires an IDE to work. The one we use is called THONNY (which is also installed on the Raspberry pi micro computer). Available for Mac/PC and Linux. The author has made these programs ‘cross-platform’ and has used standard SCRATCH ‘blocks’ and Python code that can be used on any (Mac/PC/Linux) computer with Python 3. This should make it easier to teach and easy to remember. Each page is self contained with notes followed by a Python example.

Lets Get Real invites readers to learn the facts about property investing. It starts by encouraging you to clarify your current financial and personal situation; then: Fast-forward and define what you want life to look like in years to come; and Develop a wealth creation plan to achieve the lifestyle you desire when you no longer want to work. The authors concentrate on the why to rather than the how to, believing that once you have your mindset focused, your goals set and an understanding of the work involved, then the nuts and bolts of property investing are secondary. The book examines why property is still the best way to create wealth, despite tighter lending criteria and lower affordability. It reviews the challenges other generations faced, giving current property investors some perspective. With cartoons, graphics and motivational quotes throughout, this book is an easy read, but its not always easy to read the authors ask you some hard questions along the way. They believe they have to its all part of getting real about property investing to make sure you get real results.

**Do It!**
This new book is a vital resource for any teacher or administrator to help students tackle issues of race, class, gender, religion, and cultural background. Authors Martha Caldwell and Oman Frame, both lifelong educators, offer a series of teaching strategies designed to encourage conversation and personal reflection, enabling students to think creatively, rather than stereotypically, about difference. Using the Transformational Inquiry model, your students will learn to explore their own identities, share stories and thoughts with their peers, learn more through reading and research, and ultimately take personal, collaborative action to affect social change in their communities. You'll learn how to: Facilitate dynamic classroom discussions in a safe and empathetic environment Encourage students to think and talk objectively about complex and sensitive issues such as race, gender, and social class Help students cultivate valuable communication, critical thinking, and writing skills while developing their identities in a healthy way. Develop your teacher identity in a positive way to better support your students' growth and self-discovery The strategies in this book can be adapted for any middle school or high school curriculum, and each chapter includes a variety of lesson plans and handouts that you can use in the classroom immediately. These resources can also be downloaded from the authors’ website: www.ichangecollaborative.com.
